

Headlines

To the Editor:

Newspaper headlines might give you a wrong impression or at least a different conception of the facts.

So, here are the real facts concerning "Outsider Named Deputy At Colton." Of course, not true. The headlines meant that the new deputy supervisor was not a member of the Town Board. Rick Wood has lived in the Town of Colton for many, many years, and is hardly an outsider to Colton events. He contributes his time to the local fire department and rescue squad.

Bill Swafford made a smart move. He was taking all the circumstances into consideration—all for the benefit of the people in our Town and all the taxpayers.

The Woods family is a family of high standards. They certainly are #1 in my book.
