

Colton Plans

To The Editor:

Fellow Republicans: I am running for the Colton Republican Committee representing Colton District No. 2. I would work to energize the Republican Party by helping to find new candidates who would run for office and move Colton forward. Our community is growing and changing and we need dedicated people.

I am a graduate of SUNY Canton and have been employed by XEROX Corporation for the past 35 years. My wife Irene and I have lived in Colton since 1974 and raised four children here.

I have been an active member of the Colton Fire Department for 31 years and a NYS Emergency Medical Technician since 1981. Currently, I am Captain of the Fire Department and am serving my second term as a Colton Fire Commissioner.

Other interests are hunting, fishing, and skiing. I am a 30 year member of the National Ski Patrol and treasurer of the Stag Club.

I would appreciate your support in the upcoming election for the Colton Republican Committee.

Rick Wood
